

About

Mangiante Photography offers the most unique prom and dance photography service anywhere! We photograph each person, couple or group on our backdrop. Using our digital technology, each person photographed has the opportunity to see his or her photo right after we take it. No more closed eyes or bad expressions!

Posed Photos:

Even though we have packages designed for couples, individuals and groups, we still leave the final authority to you. Your knowledge of the organization, along with our photography experience, will ensure packages are designed exactly the way you want. Final portraits will be ready for distribution about a week after the dance! We can sort these photos by class or grade level to allow for ease of distribution.

Candid Photos:

In addition to our posed photo service, we always will have a Party Pics® photographer at your prom or dance. This photographer will take hundreds of candid photographs throughout the evening, with no obligation to purchase. Proofs from the candid and posed photos will be displayed online at www.mangiantepphoto.com just 24 hours after the event!
